

# Limin Feng (Lucy Feng) M.D. / Ph.D.

**Professor, Chief Physician, Doctoral supervisor. Director of Obstetrics and Gynecology, Beijing TianTan Hospital, Capital Medical University, China**

## • General Information

- Name: Limin Feng (Lucy Feng)

## Education and Duties

- Bachelor's degree in 1988, Capital Medical University, Beijing, China
- Master's degree in 1996, Capital Medical University, Beijing, China
- MIS fellowship training in 1997 at Liverpool Hospital, Sydney, Australia.
- Doctor's degree in 2006, Peking University Health Science Center.
- Chief physician and the director of Ob & Gyn Since 2003
- Professor since 2006
- Doctoral Supervisor since 2020

## Professional memberships

- Executive Committee Member of the Obstetrics and Gynecology Branch of the Chinese Medical Doctor Association;
- Chairman of the Prevention and Treatment of Uterine Diseases Committee, Chinese Maternal and Child Health Association;
- Chairman, Gynecological Endoscopy Professional Technology Committee, Chinese Maternal and Child Health Association, China;
- Vice Chairman, the Gynecology Branch of China Association of County Hospital President;
- Vice Chairman, Transluminal Endoscopic Surgery Branch of China International Exchange and Promotive Association for Medical and Health Care;
- Executive Director, Beijing Medical Women's Association, China;
- Vice Chairman, Bethune Charitable Foundation Management Committee;
- Member of the Standing Committee, the Gynecological Oncology Branch of the Chinese Society of Obstetrics and Gynecology, Chinese Medical Association, China;
- Member of the Standing Committee, the Thirteenth Committee of the Obstetrics and Gynecology Branch of Beijing Medical Association, China;
- Member of the Standing Committee, the Gynecological Endoscopy Branch of China International Exchange and Promotive Association for Medical and Health Care, China;
- Member of the Standing Committee, the Gynecology Committee of Association of Medical Exchanges Across the Taiwan Straits;
- Member of the Standing Committee, China International Exchange and Promotive Association for Medical and Health Care, China;
- Member of the Standing Committee, the Obstetrics and Gynecology Professional Committee of China Association for Medical Devices Industry, China;
- Member of the Standing Committee, the Reproductive Tract Disease Diagnosis and Treatment Branch of China Healthy Birth Science Association, China;
- Member of the Standing Committee, the Medical Popularization of Science Branch of Beijing Medical Doctor Association, China;
- Professional Committee Member, Obstetrics and Gynecology Committee of the Beijing Resident Physician Standardization Training Committee, China;
- Editorial board member, Chinese Journal of Clinical Obstetrics and Gynecology, Chinese Journal of Minimally Invasive Surgery, Journal of Capital Medical University, Journal of International Obstetrics and Gynecology, Chinese Journal of Family Planning & Gynecotokology, and Chinese Journal of Laparoscopic Surgery.

## Research Findings

1. Staples versus subcuticular suture for cesarean skin closure in obese women: A systematic review and meta-analysis. 韩

丹/冯力民 J Gynecol Obstet Hum Reprod 2022 SCI (2.156)

2.Relationship between Vitamin D Level and Subclinical Hypothyroidism in Patients with Gestational Diabetes Mellitus. 徐兰枝/冯力民 Clin Lab 2022 SCI (1.053)

3.Application of hysteroscopy in female fertility preservation.张露平/冯力民. Zhong Nan Da Xue Xue Bao Yi Xue Ban 2022

4.The outcomes of pregnant and postpartum patients with cerebral venous sinus thrombosis after anticoagulant therapy.孟师慧/冯力民 Medicine (Baltimore) 2021 SCI (1.817)

5.The inhibition of HeLa cells proliferation through SPARCL1 mediated by SPP1. 张生澎/冯力民 Cytotechnology 2021 SCI (2.040)

6.The clinical characteristics of pregnant women with epilepsy in China 黄春玉/冯力民 Ann Palliat Med 2020 SCI (1.681)

7.Clinical characteristics and outcomes in pregnant women with epilepsy 黄春玉/冯力民 Epilepsy Behav 2020 SCI (2.508)

8.The incidence of placenta related disease after the hysteroscopic adhesiolysis in patients with intrauterine adhesions 张露平/冯力民 Taiwan J Obstet Gynecol 2020 SCI (1.513)

9.Estrogen therapy before hysteroscopic adhesiolysis improves the fertility outcome in patients with intrauterine adhesions 张露平/冯力民 Archives of gynecology and obstetrics 2019 SCI (2.283)

10.Successful pregnancies in women with diffuse uterine leiomyomatosis after hysteroscopic management using the Hysteroscopy Endo Operative system 赵辉/冯力民 Journal of Minimally Invasive Gynecology 2019 SCI (3.107)

11.Clinical application and mid-term results of modified vaginal closure: pelvic symptoms, quality of life, satisfaction, and regret rate 贾柠伊/冯力民 Menopause: The Journal of The North American Menopause Society 2019 SCI (3.305)

12.Gankyrin as a potential target for tumor therapy: evidence and perspectives 李海霞/冯力民 AMERICAN JOURNAL OF TRANSLATIONAL RESEARCH 2018 SCI (3.375)

13.Low concentrations of bisphenol A promote human ovarian cancer cell proliferation and glycolysis-based metabolism through the estrogen receptor- $\alpha$  pathway 史小雨/冯力民 Chemosphere 2017 SCI (5.778)

14.E2F1-directed activation of nc886 mediates drug resistance in cervical cancer cells via regulation of major vault protein 李晶华/冯力民 International Journal of Clinical and Experimental Pathology 2017 SCI (0.252)

15.Clinical characteristics and prognosis of cerebral venous thrombosis in Chinese women during pregnancy and puerperium 梁竹巍/冯力民 Scientific Reports 2017 SCI (3.998)

16.Hedgehog signaling pathway as a therapeutic target for ovarian cancer 李海霞/冯力民 Cancer Epidemiology 2016 SCI (2.197)

#### Teaching and Training

Since 2000, more than 60 graduate students have been trained; I have held the 20th Tiantan Gynecological Endoscopy New Technology Forum and the 22nd Tiantan Handon Gynecological Endoscopy Training Course. As a national continuing education project, I have trained over a thousand students from all over the country and also trained over a hundred advanced doctors from all over the country.

#### APAGE Activity

I had participated in APAGE conferences at Xian (2007), Hong Kong (2011), Thailand(2012), Beijing(2015), Taipei Taiwan(2016), Okayama Japan(2017). I had served as meeting host, session Chairman, and invited speakers at APAGE meetings, giving lectures on uterine malformations, endometrial removal, uterine fibroids, and intrauterine adhesions. As a training teacher, I also attended APAGE training in Shanghai.
