INTERNATIONAL

VISITING FACULTY at:

1. Kiel School of Gynecological Endoscopy, University of Schleswig Holstein, Germany
2. Giessen School of Gynecological Endoscopic Surgery, University of Giessen, Germany
3. European Institute of Telesurgery and IRCAD, University of Strasbourg, France

He has to his credit the distinction of **developing the technique** of **Laparoscopic Mangeshikar Cervicopexy** as conservative Surgery **for Uterine Prolapse**. This technique was presented for the first time at the National Conference of the Indian Association of Gynaecological Endoscopists in Nov **1992**. In addition, he has been **the first to perform Laparoscopic Hysterectomy in India**, recognized by the Federation of Gynaecological and Obstetrical Societies of India (FOGSI).

Dr. Mangeshikar has to his credit **several instrument designs pertaining to laparoscopic surgery** to mention in particular Laparoscopic Needle Holders and knot pushers. He has been a wide advocate of Endosuturing techniques in Laparoscopy, for which he has developed instruments and technique. He has **invented the Mangeshikar Uterine Mobilisar** (Karl Storz) for safe and effective Total Laparoscopic Hysterectomy. The Mangeshikar Uterine Manipulator has been designed by him for rendering safe and easy manipulation of the uterus during Total Laparoscopic Hysterectomy.

He has **conducted more than 450 workshops** on Advanced Endoscopic Surgery as Faculty Member at several centers in **India, UK, France, Germany, Muscat, China, Philippines, Thailand, Taiwan** and **Singapore** in addition being **the first to conduct such workshops in India**. He is on the Faculty for Advanced Training Courses in Endoscopic Surgery at Giessen School of Endoscopic Surgery and the Kiel School of Endoscopy, Kiel Germany. The **American Association of Gynaecological Laparoscopy (AAGL)** in 1994 had invited him as Faculty at the **First International Symposium on Laparoscopic Management of Pelvic Support Disorders** in recognition of his technique of Laparoscopic Cervicopexy.

He is the **Past President of the Indian Association of Gynecological Endoscopy**. He is the **Founder Vice President** of the **Asia Pacific Association of Gynecological Endoscopists (APAGE)**. He is currently Immediate Past President of the **International Society for Gynecological Endoscopy (ISGE)** having served as the **President** on Board of the **International Society for Gynecological Endoscopy (ISGE) (2013-2015)**. He has served as the **Representative for Asia** on the **Board** of the **ISGE** for the years 2009-2013 and has served on the Board of the International Society for Gynecological Endoscopy for the period 1998-2002 and also from 2003-2007. He serves as Global Director of the **International Society of Neuropelveology (ISON)**

Dr. Mangeshikar has been an invited **Faculty Member** as well as **Guest Speaker** at **several International and National Conferences on Endoscopic Surgery**. He is deeply involved in spreading the knowledge of Advanced Gynaecological Endoscopic Surgery amidst the medical fraternity and continues to travel and teach with the greatest enthusiasm, to enable the fun and art of operative endoscopy to reach all surgeons.
